

## SHAVER'S SUCCESS

GLENDALE GROCERY FIRM ENLARGES SCOPE OF BUSINESS

A Glendale business firm that has been making a steady and substantial growth since its establishment seven years ago is the Shaver Grocery company, Incorporated, of which H. G. MacBain is the president and manager. The phenomenal business now enjoyed by this company has been built up mainly by their efforts to please their patrons. Groceries bought at Shaver's are always of good quality and are fresh and pure. Their delivery service also has been so well organized that customers have long ago learned that Shaver's can be depended upon. This matter of dependability has perhaps been the greatest asset of the firm in building up the business to its present enormous proportions. Shaver's not only serves the people of Glendale and Tropic and Casa Verdugo, but their delivery cars are seen on the public highways as far out as Montrose, La Canada and La Crescenta where the people appreciate the convenience of having the necessities of life delivered at their homes.

The growth of this business has made it necessary for the company to arrange for more space and better accommodations. Accordingly the partition between their store room and the room formerly occupied by Carney's shoe store has been removed, thus doubling the floor space, allowing greater possibilities for display and affording greater convenience for the clerks and the patrons who do their marketing at the store.

In addition to enlarging the store the company has decided upon another innovation. The rapid rise in the cost of all foodstuffs has presented a problem to the retail dealer as well as to the consumer and this firm has decided that to properly serve their large number of patrons their business must be established on a cash basis. By this means they can liberate large sums of money that would otherwise be on their books, for buying in large quantities and paying cash, all of which will enable them to sell at a seven to ten per cent saving to the customer over the credit system.

Shaver's will open Monday, April 2, in their enlarged building under the new cash system. The store has always been characterized by a most attractive display of goods combined with perfect cleanliness that make marketing there a pleasure for the housewife. The modern cash carrier system gives the store a very metropolitan air and the army of clerks is evidence of the enormous business transacted daily.

The Shaver Grocery Company is to be congratulated that its business, under the able management of Mr. MacBain, has reached the proportions where the changes mentioned have become necessary. Special attractions offered to the patrons of the store each week may be noted in the columns of the Glendale Evening News.

## WATCH FOR THE LIGHTED CROSS

The citizens generally of Eagle Rock City have arranged a beautiful and interesting sunrise Easter service to be held on the morning of Sunday, April 8th, on top of the Eagle Rock. The fact that this great service can be reached by thousands of people for a 5-cent fare on the Los Angeles railway and also that the foothill boulevard runs alongside of the rock insures a big attendance. In addition to the devotional part of the service as given by the local pastors the following attractive numbers will be given:

5:25 a. m.—Bugle call to service.  
5:35 a. m.—"Hallelujah, Christ Is Risen," sung by chorus of 100 voices.

Cornet solo, "Hallelujah," (Granger), played by Herbert Wiethof of Los Angeles.

Solo, "Hark, the Herald Angels Sing," (Mendelssohn), Mme. Ellen Beach Yaw.

Address, Dr. Daniel F. Fox, pastor of First Congregational church of Pasadena.

Solo, "Hail, Beauteous Morning," (Charles Wakefield Cadman), Mme. Ellen Beach Yaw.

Song, "America," led by the chorus and cornet and sung by the multitude on the surrounding hills.

The accompaniments will be played by an orchestra of eight picked players from the Los Angeles Symphony orchestra under the direction of Mr. Marcel Meier of the Hotel Huntington, Pasadena.

## ENTERTAIN MEN

HUSBANDS OF CLUB LADIES DELIGHTFULLY HONORED ON TUESDAY EVENING

Husbands' night, an annual evening always anticipated in the Tuesday Afternoon club of Glendale, was held Tuesday evening, March 27, in Masonic temple, and was a highly successful affair. The temple was elaborately decorated with wild flowers and bridal wreath. A delightful informality characterized the entire evening from the opening reception, through the program to the social hour which closed the evening's entertainment. Hostesses for the evening were the members of the board of directors and the courtesy committee, as follows: Mrs. H. E. Bartlett, Mrs. E. D. Yard, Mrs. H. P. Goodwin, Mrs. David Black, Mrs. Lawrence Ellis, Mrs. C. E. Harlan, Mrs. S. C. Packer, Mrs. H. Lee Clotworthy, Mrs. E. H. Willisford and Mrs. A. W. Tower, Mrs. T. W. Preston, Mrs. W. E. Evans, Mrs. Lydia Border, Mrs. Warren Roberts, Mrs. C. H. Temple, Mrs. F. L. Church, Mrs. H. R. Boyer, Mrs. A. D. Pearce, Mrs. A. M. Hunt and Mrs. George Mitchell.

The entertainer of the evening, Mr. A. Rae Condit, delighted his audience with his ease, informality and a program of well chosen numbers given with real ability. The program consisted of a generous number of impersonations, whistling solos and songs, with Mrs. H. R. Boyer, a local musician of rare talent, lending valuable assistance at the piano. Mrs. Calvin Whiting, a gifted club member and the soloist of the evening, sang two beautiful songs which were greatly enjoyed: "Irish Love Song" by Margaret Ruthven Long and "Claribel" by Barnard. Mrs. L. W. Bosserman ably accompanied Mrs. Whiting at the piano.

By request the United States senate session recently given by the Parliamentary Usage Section of the club, with Mrs. Helen Campbell as curator, was repeated for the amusement of the guests. The following senators were represented in their regalia of state and carried out a valuable parliamentary drill in a senate session: Vice President Marshall, speaker of the house, Mrs. W. E. Evans; Ollie K. James of Kentucky, Mrs. E. W. Richardson; Senator Phelan of California, Mrs. H. Lee Clotworthy; Senator Lodge of Massachusetts, Mrs. Lawrence Ellis; Albert D. Cummins of Iowa, Mrs. A. L. Weaver; Senator Borah of Idaho, Mrs. Harry Greenwalt; John D. Works of California, Mrs. C. E. Harlan; O'Gorman of New York, Mrs. F. L. Church; J. Ham Lewis of Illinois, Mrs. D. W. Hunt.

Following the program elaborate and abundant refreshments were served the large assemblage by Mrs. R. W. Meeker, chairman of hospitality, and her corps of splendid assistants.

## BIRTHDAY PARTY

Beautiful Casa Verdugo was the setting for a very charming party Tuesday evening when Miss Viola Yorba was tendered a surprise party by a number of friends in honor of her birthday anniversary. The attractiveness of the old Spanish casa was enhanced by the pretty decorations, the Indian room being done in freezias and marigolds and the dining room in violets. Dancing was enjoyed in the green room. Miss Yorba, who is a protegee of Madame Schuman-Heink and possesses a very beautiful voice, favored her guests with a number of solos, and she and her cousin, Ernest Martinez, danced the mazurka. Dainty refreshments were served, the table being centered with a lovely birthday cake decorated with violets and bearing the name Viola. Pink rose individual bon bon holders held violet bon bons as favors. A very delightful evening was spent by those present, who were as follows: Mr. and Mrs. Chas. Yorba, Mr. and Mrs. Charles Sowl, Mrs. Martinez, Mrs. Rubio, Misses Marjorie Imler, Helen McMullen, Cecilia Lyons, Mamie Jenkins, Margaret La Fay and Saldago; Messrs. Eugene Imler, Ralph Miles, Ed Seay, Fred Steffes, Adam Steffes, Frank Sadler and Ernest Martinez and Master Lionel Martinez.

## MUTUAL BENEFIT

READING CIRCLE GROWS IN INTEREST AND IN NUMBERS

The fiftieth weekly meeting of the Mutual Benefit Reading Circle yesterday marked also its largest attendance, there being forty-one women present.

The reading of Wm. A. McKeever's profitable book, "Training the Boy," was continued. This has occupied eight meetings of the Circle, and will probably take as many more to complete the book, as the members find much to discuss suggested by the reading. The present work deals with Habit Training, especially discussing the tobacco and liquor habits. Mr. McKeever is a man of wide experience in dealing with boys and young men of high school and college age, and he gives his readers the benefit of a wide range of observation and experience. His suggestions are all such that every mother who hears them knows that she is better prepared to cope with the difficulties that present themselves in rearing a boy to fine manhood.

Mrs. H. V. Henry read a very concise and interesting account of the life of Jean Jacques Rousseau and a resume of his greatest educational book, "Emile," which, published 155 years ago, is necessarily somewhat archaic, though containing much that is valuable to the mothers of the present day.

A very interesting feature of the Circle is the "book exchange" that is conducted in connection with it. The members bring such educational works as they own, and these are loaned out to the other members. In this way a great deal of literature is circulated, all dealing with the life and development of children. Over twenty books and pamphlets were so loaned at yesterday's meeting.

As next week will be the Easter vacation it was voted to hold no meeting on April 4th, the next meeting being April 11th.

Those present yesterday were: New members, Mrs. Kenneth A. Aitken, Mrs. Letitia E. Connor and Mrs. H. S. Crockett; guests: Mrs. Charles Wesley Bartow, Mrs. Arthur C. Brown, Miss Frances Cline, Mrs. C. E. Cutter, Miss Evalyn Gaede and Mrs. Stella M. Thimpton of Los Angeles; members, Mrs. C. M. Brubaker, Mrs. R. T. Burr, Mrs. H. C. Kennedy, Mrs. F. H. Cassell, Mrs. Wm. W. Stofft, Miss N. E. Dewey, Mrs. Geo. F. Dewey, Mrs. A. R. Dimick, Mrs. F. Eichelberger, Mrs. H. H. Faries, Mrs. J. H. Foley of Los Angeles, Mrs. Zetta Gibbons, Mrs. George M. Harrison, Mrs. H. V. Henry, Mrs. W. R. Heustis, Mrs. H. B. Howeth, Mrs. J. S. Jackson, Mrs. N. C. Kelley, Mrs. A. P. Knight, Mrs. H. D. Lockwood, Mrs. O. C. Logan, Mrs. Ernest McConnell, Mrs. A. L. Morgan, Mrs. F. B. Nay, Mrs. C. M. Nichols, Mrs. M. E. Plasterer, Mrs. C. E. Rathbone, Mrs. T. W. Sampson, Mrs. C. H. Toll, Mrs. S. C. Wright, Mrs. C. E. Reaben, Mrs. Renner C. Gaede.

## CELEBRATES BIRTHDAY

A very interesting birthday party not only for the assembled guests, but from an historical standpoint, was the celebration Wednesday evening, March 28, 1917, of the 86th birthday anniversary of Mrs. Adaline A. Heartt of Chicago at the home of Mrs. M. E. Jennings on Verdugo road, Glendale. Mrs. Heartt, who came to California two years ago to be with her nephew, Mr. Chas. L. Peckham, is the daughter of the late Captain Luther Nichols, who with a detachment of Gen. Scott's army under Major Whistler captured the celebrated Indian chieftain, Black Hawk, and his two sons near Chicago. Mrs. Heartt lived in Fort Dearborn when Chicago was an Indian village and remained continuously in Chicago from 1832 up to two years ago.

Mrs. Heartt's mind is quite active and she related many interesting incidents within her personal knowledge of the development of the great city from the days of the Indians.

Among those present were Mrs. C. P. Chandler of Tropic, Mr. and Mrs. C. L. Peckham and children, Frances, Gladys and Vassar, Mr. Stanley Gorman, Mrs. M. E. Jennings, Mr. L. E. Bigelow and Mr. Robert Craig. Mrs. Heartt cut the two delicious birthday cakes, with 86 candles on each, and a most enjoyable and edifying evening was accorded all those present.

WEATHER FORECAST—Cloudy tonight and Friday. Light westerly winds.

## PROBABLY WILL ESCAPE HANGING BECAUSE THERE'S NO PLACE TO STRING HIM UP

Because there is no place in which to hang him, Edward Mayberry, half breed Indian, probably will escape the death sentence imposed for the murder of Alice Vivian on the Colville reservation last August.

President Wilson granted Mayberry a 30 day respite so his lawyers could appeal from the sentence, on the ground that it could not be legally carried out in the state of Washington, where capital punishment is barred. This respite will expire a week from Sunday.

The woman killed by Mayberry was alleged to be his wife. He said the shooting was accidental. As it occurred on federal government property, United States Judge Rudkin went ahead and condemned Mayberry to death, in spite of Washington's law against executions. The original hanging date was January 19.

Mayberry obtained a postponement until March. Then it was necessary to find a place inside the state boundaries and yet not under state jurisdiction where a gallows could be legally erected. The federal building was deemed United States territory and plans were made to hang Mayberry on the roof. His lawyers objected and demanded a ruling by the treasury department. Mayberry remained calm and carpenters began measuring off a place to build the scaffold.

The treasury department ruled that plan was illegal. President Wilson granted Mayberry a reprieve to April 10, at which time he will be imprisoned for life, likely.

## THE SCIENCE OF PUBLICITY

The value of publicity is backed up by well-grounded truths which can not be argued down by any person who considers the question on the basis of sensible and practical reasoning. The act of publicity is the act of spreading light, and who is there in business that is averse to having the people of his community know that he is engaged in business?

The window display so often observed in well-governed store-rooms is one form of publicity, and it has a twofold purpose. First, a window display makes known to the passerby what merchandise may be for sale within the store and, second, a neatly displayed window shows life, which is so essential to success in all lines of business.

Newspaper publicity, like the window display, is valuable and reaches the eyes of people who are not permitted to observe the window display. Persistent, judicious publicity is a winner. Of course publicity must be backed by live business men who have in stock the best and latest stocks of merchandise.

## AN EDUCATED MAN

Benjamin F. Bledsoe of California says that any man who can answer "yes" to every one of the following questions without doing violence to his conscience, is entitled to be considered an educated man, whether he has ever seen the inside of a college or not. Here are the questions—look them over:

Has your education made you public spirited?  
Has it made you a brother of the weak?  
Have you learned how to make friends and keep them?  
Do you know what it is to be a friend yourself?  
Can you look an honest man or a pure woman in the eye?  
Do you see anything to love in a little child?  
Will a lonely dog follow you on the street?  
Are you good for anything yourself?  
Can you be happy alone?  
Can you look out on the world and see anything but dollars and cents?  
Can you answer "yes" to all of them—or to any of them?

## CALIFORNIA'S DEFENSES

Governor Stephens has made some pointed recommendations about preparations by California to defend itself that are timely and should be acted upon promptly. This is the worst exposed state of the Pacific coast—the most tempting prize for an enemy capable of attacking from the Pacific or through Mexico. There is no discounting the fact that this nation is in the midst of a mighty crisis the developments and end of which no infinite mind can grasp or foresee. The trouble with Germany soon may be augmented by peril from another direction that would bring this coast directly under menace.

In the face of these gruesome possibilities, California notoriously is underdefended. Its harbors and landing places are pitifully vulnerable to formidable attack. There is but little American naval strength in these waters. Land fortifications are not so many and so formidable as they should be. And there are few federal soldiers in this state. California should help itself to defend itself.—Long Beach Press.

## TUBERCULOSIS FAST THINNING RANKS OF AMERICAN INDIAN

WASHINGTON, March 29.—The fast thinning ranks of the Indian are seriously threatened with the scourge of tuberculosis, according to the Office of Indian Affairs—official guardian for more than 300,000 members of the red race to-day.

Prevention of the spread of this dread disease, which is more prevalent among the Indians than any other race, is occupying most of the office's time. Trachoma, an eye disease, is the next most serious affliction among Indians. Uncleanliness and alcohol are blamed. A campaign of education to curb the two evils has been started.

## HOW TO HOLD THE BOY

How to hold the boy on the farm or in the business? The answer is simple. Give him a stake in it.

A correspondent devoted some pages recently to a struggle with this old problem, and answered it practically along these sensible lines. What he had worked out theoretically, a farmer at Iron-ton, Ohio, has had in actual working practice for some time.

Knowing that his three boys would soon be grown to manhood and desiring to keep them near him, this farmer took a leaf from the books of sensible business and formed a stock company, with the three boys, and, wonderful to relate, the mother, as shareholders, but retaining for himself the controlling interest. At the end of each year he has been dividing the net profits among the stockholders according to their holdings.

He has also divided the responsibility for the business, and by adding to the personal interest of the shareholders, he has increased the productiveness of the farm thirty per cent., besides keeping everybody concerned contented and happy. In addition to this, he has given the boys an education in farm methods that will be invaluable to them.

Nothing develops a boy's interest in anything like having a stake in it. Individual initiative is stimulated and self-respect developed.

Urban fathers may, other things being equal, profit by the example of this farmer. Too many such fathers regard boys especially their boys, as irresponsible and useless in the way of business. If they are so, it is partly because responsibility has never been placed on them. They have not had the opportunity to be useful.

Give them a stake in some form or other and see what influence it has on the interest of the boy in the farm or in the business. See how it will develop his responsibility and usefulness.—Minneapolis Journal.

The Elgin, Illinois, picnic will be held in Sycamore grove, Los Angeles, Saturday. A basket lunch at noon and coffee will be obtainable. Any one from in or near Elgin is cordially invited to be present.

Mrs. Edward Lynch of 907 Damasco court entertained at luncheon Wednesday Mrs. Harry Lynch, Mrs. Dwight Wood and Mrs. Harry Parker. After luncheon the ladies spent a very pleasant afternoon chatting and sewing.

A pageant of months will be given by the pupils of the Cerritos avenue and Acacia street schools of Tropico at the May carnival to be given by the playground commission. Plans are now being made for the event and the names of the various committees will soon be announced.

Jacob Railsback and wife of Kansas City, Mo., returned home Tuesday from a two weeks' visit with his son John and family in Glendale and another son, Walter, in Los Angeles. The old couple are still hale and hearty. They will celebrate their golden wedding anniversary next year.

At the meeting of the Art and Travel Section of the Tuesday Afternoon club at the home of Mrs. C. M. Turk, Monday afternoon, Mrs. Opal Greenwalt gave a very fine description of the baptistry, the cathedral and the Campanile by Giotto. It was erroneously reported that Mrs. Turk gave this description.

A memorial service will be held in the West Glendale M. E. church Sunday afternoon honoring the memory of the late Rev. A. B. Morrison, founder of the West Glendale church, who passed away last fall. A large picture of Rev. Morrison will be unveiled and Dr. C. R. Norton and others will give addresses.

The funeral was held today of J. P. M. Torrey, formerly of Tropico, and the remains were laid to rest in Forest Lawn cemetery. Mr. Torrey was the brother of the late Mrs. Don S. Ford and moved to Los Angeles shortly after her death. He had been ill for a long time and his friends in Glendale and Tropico will regret to learn of his passing.

It is the hope of the trio of Throop students, including Frank R. Mosher of Glendale, who went to Washington to enlist in the coast defense reserve, to get into active service at once, and while not certain as to just what post the young men will be assigned, Dr. Scherer has been led to believe that they will be given places on one of the submarine chasers that will patrol the Atlantic coast.

Mr. and Mrs. Douglas, formerly of South Orange street, Glendale, who recently moved to Altadena, where they have rented a very pretty little place in the mountains, were dinner guests of Mr. and Mrs. L. N. Hagood of 129 South Jackson street one evening this week. They have bought a new car, which enables them to keep in close touch with their friends here.

Mrs. Philip Sonntag and L. Sonntag gave a dinner party at the home of Mrs. Henry Sonntag Tuesday evening in honor of the return from Anaheim of Mrs. James Sibel and her daughter, Miss Bernice Wakefield, of Peoria, Illinois, who are guests at the home of Mrs. Brahm van den Berg. Covers were laid for Mrs. James Sibel, Miss Bernice Wakefield, Mrs. Henry Sonntag, Mr. and Mrs. Brahm van den Berg, Mr. and Mrs. Spencer Robinson and Mrs. Philip Sonntag and L. Sonntag, the host and hostess. The evening was spent with music and song. ### AT THE HIGH SCHOOL

**SOPHOMORES PROVE ROYAL HOSTS TO SENIORS AT ANNUAL AFFAIR**

Some of the Sophomores and all of the Seniors are looking rather stupid today as a result of over-eating yesterday afternoon. As a rule Seniors generally appear to be rather intelligent, but yesterday they forgot all of their dignity by not knowing when it was time to stop eating, and as a result are today suffering the consequences. All of this took place at the annual Sophomore-Senior reception, the former acting as hosts to their upper classmates.

The program, over which Robert Carmack presided, took place in the auditorium, the audience being estimated at about one hundred. The first number was a vocal solo by Miss Marian Addison and she succeeded very well in pleasing the audience. The name of her selection was "High Jinks." This was followed by several readings by Miss Janie Ray McElver, the well known dramatist. As she is a native of the south, Miss McElver succeeded splendidly in imitating the negro dialect. The next act was given as an animated duet by Mansford Barnes and Robert Carmack and created much laughter among their listeners.

After a short intermission the program was resumed with an instrumental trio, the young musicians being Elizabeth Mottern, piano; Isiah Sinclair, violin, and Hollis Moyses, cello. This performance was one of the best on the program, and was encored several times. It was followed by several selections from the Sophomore Boys' Glee club, after which a clever skit was presented by Cecilia Lyon and Lila Shea. They took parts as servants and cracked several rather personal jokes on numerous seniors, an act which caused no little laughter to arise from the audience. These two young stars concluded their performance with an old fashioned barn dance.

This concluding the program the audience was instructed to migrate to the cafeteria, where delicious refreshments were ready to be served. This course of the entertainment has already been spoken of and does not need to be mentioned further.

Yesterday afternoon the advanced typewriting class was given a speed test and as a result several young hustlers were discovered. The following is the order of the five fastest students who participated: Lehman Crandall, 48 words per minute; Lyndon Keyes, 42 words per minute; Bessie Mock, 40 words per minute; Wm. Balthis, 34 words per minute, and Arville Williams, 30 words per minute.

### COMPULSORY CITY PLANNING

It is possible that city planning will become compulsory in the next few years. John Lawrence Mauran, of St. Louis, Mo., president of the American Institute of Architects, plans to take a bill before the next United States congress which would make it compulsory for every city to have a city planning commission. He points out that such planning has long since ceased to be a side issue of the "city beautiful" idea. It has become an economical and commercial consideration that is of vital importance to the development of every city and so of the nation as a whole.

Beautiful cities are good and desirable. But no city is truly beautiful if it stops at handsome buildings. Buildings and streets, business section and residence section, transportation facilities, etc., should all be planned to make the whole life of the city fulfill its highest possibilities. It sounds like the dream of a more perfect civilization, but there's no reason why the dream shouldn't be realized some day.—Riverside Press.

### BIBLE LOVE

There was considerable increase in both interest and attendance at the Pre-Easter services at the First Congregational church last night. The devotional services which were conducted by Dr. Willisford were participated in by many by prayer and Bible passages. Rev. E. E. Smith began his impressive sermon with a brief exposition of the thirteenth chapter of First Corinthians, "God Is Love" being the text of the evening's discourse. The speaker emphasized two primary religious truths: 1. The universal feeling of dependence upon a higher power. 2. That this feeling is the source of inspiration of all prayer and worship. The God we worship is a being of good will and love, a living personality.

Mrs. C. M. Van Dyke and Mr. Ralph W. Beers sang very effectively "In Heavenly Love Abiding." Mrs. Calvin Whiting will sing tonight. "The Most Important Thing in the World" is the topic which Mr. Smith will consider tonight at 7:45 o'clock.

Self love is the only kind that never gets cold feet.

### STATE NEWS

**DISTRICT ATTORNEYS' ASSOCIATION OPPOSES WISHARD'S BILL**

SACRAMENTO, March 29.—Wishard's bill proposing to create the office of jury commissioner in San Francisco and Los Angeles counties is facing a fight. The state district attorneys' association is opposing the bill, claiming it to be purely political and an unnecessary expenditure of money.

Example of how the assembly and senate are working together—not. Assembly passes bill to grant fishing licenses to civil war veterans free of charge. Bill goes to senate and senate puts in an amendment to grant licenses also to American Indians free of charge. Bill goes back to assembly and author of bill, Doran, tears into the senate amendment.

Assemblyman C. W. Greence of Luis Obispo has proposed an amendment to the school law requiring that in the constitution of the United States and the history of the reasons for the adoption of each of its provisions. Greence's bill for the extermination of ground squirrels has received favorable recommendation and probably will be enacted.

The attack on the state reclamation board which was quite brisk at the opening of the legislative session is today apparently tamed down. Senator Chandler's bill aiming toward a dissolution of the Sacramento-San Joaquin drainage district seems now to be on the defensive. The passage of this bill would be a hard blow at the state reclamation board.

J. L. Fleming, Los Angeles attorney, is seeking to have the legislature pass a measure that would stop elopements. His bill follows: All persons about to be joined in marriage must file with the clerk of the county in which one of such parties resides and in such application for marriage license is to be made, an application in writing stating the intention of the parties and their ages. The person making such application shall deposit with the clerk at the time of making such application a sum sufficient to pay the cost of publication thereof. A notice of such application shall be published within the county, which publication shall be made not less than once a week for a period of at least four weeks preceding the issuance of a marriage license to such parties, and no marriage license shall be issued until after such publication has been made in accordance herewith.

### THE HOMELIKE CHURCH

Last Sunday's services were full of good things from beginning to end. Elder Cole's morning sermon, on "The Great Teacher" was listened to with intense interest, especially by Bible school teachers present. The speaker held up the perfection of Jesus' methods and urged that all study and copy them. He referred to the qualifications necessary to the successful teacher and gave instances to illustrate the points made. In the evening "Our Policy—Church Government" was the theme and the speaker dwelt especially on individual responsibility and the necessity of rightly governing our lives, thus leading to proper control of the church's activities. He wants to see the Christian church on the map of Glendale, not especially in the way of large membership or handsome church house, but as an exponent of the true gospel of the

blessed Christ. Let us strive in good deeds and helpful brotherly acts.

We are all looking forward with great interest to next week's services, a week of meetings leading up to Easter Sunday, which is to be Decision Day in the Sunday school. Read this list of sermon topics and then resolve to attend every meeting: Sunday morning, "Church Sleepers;" evening, "Glorifying in the Cross Only;" Monday evening, "Helping Jesus Raise the Dead;" Tuesday, "A Lesson in Values;" Wednesday, "The Value of a Soul;" Thursday, "In the Shadow of the Cross;" Friday, "On Trial;" Saturday, "The Problem of the Child." Make your resolve right now to hear every one of these powerful sermons.

You who have no church home come out and see how cordially you will be welcomed at "The Homelike church," corner Louise and Colorado streets.

# Shaver's Grocery Goes Cash

Due to the economic conditions of our country for the past two years which have advanced the price of food stuffs many times, and as ever having our customers' welfare first in our minds, we have been giving continual thought to this matter. Therefore we have reached the conclusion that in order to give to our customers the same delivery service, the same quality and better prices,

## On and after Monday, April 2nd, we will conduct our business on a Strictly Cash Basis

thereby turning loose many thousands of dollars which we have at all times on our books. This can be used by us to buy in larger quantities, to pay spot cash for our goods, which will make it possible for us to sell the same quality of goods in the future, as in the past, at a saving to our many good friends and customers of about seven to ten per cent.

Also our machines will deliver four times daily to all points in Glendale, Tropico or Casa Verdugo and three times a week to Montrose, La Canada and La Crescenta.

We wish at this time to express our deep gratitude to all who have so loyally patronized us the past seven years and hope for a continuation of your valued patronage under our new plan.

Yours for Quality at less money,

## LA CANADA

Mr. Baker, who has completed the excavation on the Valley Water Co. reservoir and also has excavated a reservoir for Judge Sargeant, is moving camp this week. Mr. Ehlers, who is doing the contracting on the Water company reservoir, has begun to lay on the concrete.

The next week, beginning with April 1, will be spring vacation. During this time the new school building will be occupied. If possible every detail will be complete by this time.

A stone gutter on the east side of School street (La Canada boulevard) running the length of Mr. Riggs' property is one of the recent improvements instigated by Mr. Riggs of Los Angeles, who has recently bought a La Canada ranch. Mr. A. G. Williams is overseeing the job.

Those wishing to attend the La Canada library Saturday afternoon will have a little different reception than usual. The library is going to move. By Saturday all the books will be transferred to the special department for the library in the new school building. Instead of being crowded, with only two seats for four or five people, the new library will be furnished with a reading table and plenty of comfortable chairs. You are urged to visit the library and patronize it as much as possible. Every book taken out serves to help increase the circulation. The larger the circulation the more books this library receives from the county.

A meeting of the Pasadena board of Orange Growers association was called last Tuesday afternoon at La Manada park. The naval orange pool No. 2 was distributed. It amounted to \$1.36 per grower for the best grade. This was a very satisfactory return as last year the same pool and the same grade oranges yielded only 88 cents per grower. The association paid off several thousand dollars to local growers. It is estimated that forty-five cars of naval oranges remain to be sent.

That school street should be changed to the name of La Canada boulevard was the decision reached by a meeting of the citizens of School street held last week at the home of Mr. F. H. Granger.

The question of a new and more suggestive name for School street has been pending for several months. The fact that there was a Canada boulevard in Glendale and a La Canada road in Pasadena led the School street citizens to specify particularly La Canada boulevard. A sign will be erected at the intersection of Michigan avenue and La Canada boulevard. The discussion of trees for the street continued to great length, but the decision was left open.

Welcome!

Have you ever had your fortune told?

If not, now is the only chance of your life to have a professional palmist read your hand for a very small sum. At the April Fools fair, given by the La Canada Christian Endeavor on the eve of April 13, 1917, in the church basement, everyone will have the opportunity of this wonderful demonstration. Madame Geizichte, the palmist, has recently arrived from India where she practiced her art with great success. Everyone is invited to come and bring your friends. La Canada also extends this invitation to La Crescenta and Sunland.

At an executive meeting of the La Canada Christian Endeavor, held last Sunday afternoon at the home of the president, Miss Rowena Green, the following were appointed to take charge of the various departments of the Christian Endeavor for the coming six months: Chairman of the social committee, Mrs. Maynard; chairman of the prayer meeting committee, Edwin Cooper; chairman of the lookout committee, Robert Horne; chairman of the flower committee, Helen Cooper. Usually at this time of year the C. E. is closed for two or three months. Owing to the unusual demonstration of interest the meetings will continue regularly until future notice.

That La Canada neither wishes to be annexed to Los Angeles, Pasadena or any other city, nor become a city of the sixth class, but that she does wish to remain in her present condition, under the county, was the statement drawn up in the form of a petition, last Saturday night at a meeting held at the home of Mr. Penfield of North Hillard avenue. The recent agitation to annex all La Canada territory below the 1500 foot level has been a subject of vital interest in La Canada during the past few weeks. The natural thing has occurred, an extreme difference of opinion. Next Saturday night at the regular meeting of the La Canada Improvement Association held in the La Canada club hall, Mr. Selleck of N. School street will talk on the above mentioned subject. "I would like to see every man and woman in La Canada out Saturday night," said Mr. Selleck. "The decision of this question now before us is a great crisis in our history. We must get together on it. Come down to the meeting. I won't keep you very long. We will see if there is any means by which everyone can be satisfied."

After exchanging several pistol shots with Ralph Cornwell of Michigan avenue, two Mexicans who attempted to rob the Cornwell home last Tuesday night, escaped in the hills south of La Canada. A few weeks ago the Cornwell home was entered and raided by unidentified thieves. In order to guard against another such attack young Cornwell has been sleeping in the barn. About 2 o'clock Tuesday night Cornwell was awakened by the sound of voices near the barn door. He heard some one say:

"I believe some one is in here; there don't look like much chance."

"Yes, you bet someone is in here," young Cornwell answered.

The two Mexicans who had their horse and wagon standing out on Michigan avenue, ran, evidently expecting to escape in their conveyance. Young Cornwell chased the men through the orange grove. One of the Mexicans opened fire on Cornwell and shot him through the arm. Five or six shots were exchanged.

Frightened by the noise, the horse broke loose and started toward Pasadena. The Pasadena police were notified immediately. They caught the horse and believe they can identify the owner.

The noise of pistol shots and the screams of young Cornwell brought Dr. Smalley and Rufus Zarrs to the scene of the robbery. The three men tracked the would be thieves for several miles toward the hills. Although unsuccessful in capturing the burglars, the men believe that with the aid of the police the burglars can be tracked. The capture of these men will probably throw a light on the recent burglaries in La Canada.

The next meeting of the Improvement association will be held this Saturday night, March 31. All the people of the valley would do well to hear Mr. Selleck, one of our leading citizens, who will speak on the situation in Russia and in La Canada.

## TRANQUILITY OF LISZT

Liszt was a sweet souled character. One day two of his friends, musicians, resolved to put the maestro into a passion. "Which one of his habits," they inquired, "would most seriously trouble him were he deprived of it?"

"Perhaps," was the answer, "he would suffer most if deprived of a well made bed."

The two confederates with a lous bought over the servant to their designs. She was not, it was agreed, to make his bed for that night.

Liszt slept badly and the next morning simply said, "You have forgotten to make my bed."

For two days following she neglected making the bed, and on the third day the maestro simply said:

"I see that you have decided not to make my bed. Well, let it alone. I have come to accustom myself to it."

## LIKE A LIBRARY

Mrs. Newlywed—"I must go down to the bank this afternoon."

## TUBERCULOSIS ADDS TO WAR TERRORS

According to reports, tuberculosis has increased alarmingly in the armies of Europe during the more recent months of the war. Stories from prison camps and trenches would indicate that Germany's ant-war precedence in tuberculosis control has been all for naught, and many French and Russian prisoners sent back to their native lands from German prisons for exchange, are said to be in the last stages of tuberculosis. One writer, commenting on this, mentions that death on the battlefield would be far preferable to what she saw in the trains when these exchanges were made. Now comes the news that so serious has become the tuberculosis problem in France that the Rockefeller Foundation has sent Dr. Herman M. Biggs, Commissioner of Health of New York State, to study conditions and recommend measures for the control of the White Plague in France. How little will it matter where victory may lie; what will it matter to those who see the "Glory of the world returning," if, after the ravages of war, tuberculosis is the victor?

In the face of these reports, our own problem sinks into insignificance. The bitterness that comes after the inspection of wretched hospitals where only the homeless go to die, fades away, and we are reminded of Stevenson's "Little ye know of your own blessedness." With us, it means simply sticking to our program of medical inspection of school children, the establishment of clinics, the appointing of nurses, the subsidizing of county hospitals, giving encouragement in the establishment of more beds for second and third stage cases and the treatment of incipient cases. If the present law is held constitutional, we shall soon have fifteen hundred free beds in California.

It was Germany who gave to the world Brehmer and Dettweiler, proponents of the value of sanatorium care; it was Robert Koch who discovered the tubercle bacillus; and to-day, after all that has been done, Germany, perhaps, has a greater problem in tuberculosis control than we have. Those who have tried in this country to help lessen the misery here and who have watched our declining tuberculosis death rate, know in a measure, what war-torn, bleeding Europe faces. It gives us courage to face a more normal condition that often seems unbearable. It gives us hope.—From report of the State Bureau of Tuberculosis.

## HOLDING OLD GLORY INVIO-LATE

Coming at an almost psychologically opportune time, when all America is rising as one man in loyalty to the Stars and Stripes, is news of the carriage in both houses of the legislature, Sacramento, of the Long Beach G. A. R. bill, introduced by Senator J. A. Rominger, to punish desecration of the flag. The act is now up to the governor for his executive signature and will undoubtedly become effective soon. To make doubly sure of this George W. Wilcox, Long Beach, for the G. A. R., has written to the governor a letter endorsed by the Long Beach Veterans' union, of the Blue and Gray, urging early approval. The act is also endorsed by Stanton post in Los Angeles, having a membership of 595, the largest in the world. Below is the text of the act, "made in Long Beach:"

## Facts and Comment

A campaign has been launched by the Elks of Pomona for a beautiful new home in that city to cost in the neighborhood of \$50,000.

Representative business men of Long Beach have called a mass meeting for April 9, when the community will demonstrate its devotion to the country and loyalty to the flag.

Business men of Whittier started the work of organizing a home guard at a meeting on Tuesday. A committee was appointed for the purpose of enlisting all eligible men and another committee to look after Red Cross work.

The American Sugar Refining company has set aside the astounding appropriation of \$1,000,000 for trademark advertising for the coming fiscal year. So far as known this is the first time in the history of any of the larger corporations that advertising has been recognized in a business balance sheet.

A strike of more than 200 Mexican and Japanese orange pickers brought harvesting of the big orange crop in the Arlington Heights section, Riverside, to a standstill Tuesday. Mexican agitators from Corona started the strike and the Japanese gangs were intimidated and forced to stop work. The men struck for a raise of pay by the hour, which averaged \$1.75 to \$1.90 per day to a straight \$2.25 for nine hours work.

The proposition to convert a 145 acre tract lying along the west side of Fair Oaks between the Ocean to Ocean highway and Hellman avenue, Alhambra, into a cemetery brought such a storm of protest from citizens and property holders that the city commission unanimously passed a resolution that "no person, firm or corporation be allowed or permitted to establish any cemetery for the interment of the dead bodies of human beings in the city of Alhambra." An ordinance was then introduced making it a misdemeanor punishable by fine or imprisonment for establishing or maintaining a cemetery within the city limits of Alhambra and unanimously passed to first reading.

## BIGGER CROPS OF BUSINESS

A farmer having two fields along side of each other that he wishes to test in the production of crops may apply fertilizer to one and to the other we will say he gives nothing in the way of nutrient to the soil. He is using the original soil in each case, but in one instance he is adding fertilizer and in the other he is not.

Now, because he adds fertilizer to that soil, providing he uses correct judgment in its application both as to kind and amount, he gets a very much increased amount of produce or a very much better product from the soil; he has reduced the per bushel cost of production on that acre of land as compared with the acre of land on which he has used no fertilizer.

Advertising is the fertilizer in the field of business. Advertising, rightly applied, develops bigger demand, thereby minimizing losses which increase the cost of distribution.—Sun-kist Courier.

## SPICED PEACH PICKLE

A peck of freestone peaches, seven pounds of sugar, cloves, allspice and cinnamon to taste, one and a quarter gallons of cider vinegar. Select firm peaches and let them be in hot soda water until the fur can be rubbed off with a coarse cloth. Allow the vinegar, sugar and spice to come to a hard boil, then add the peaches a few at a time. Let the fruit boil until a straw can be run through each peach. When done put in jars and pour the boiling vinegar over them. Sliced peaches can be pickled by this same recipe, allowing a sufficient quantity of fruit for the syrup to cover well.
